

Learning Beyond the Bell

Training for tutors working with young refugees and migrants

Learning Beyond the Bell tutor training is for volunteer tutors who are working with refugee and migrant youth. The training will focus on: understanding the refugee experience and how it affects student learning; developing skills in literacy and homework support; and creating a collection of resources, strategies, and plans to use in learning support sessions. All participants receive a comprehensive training manual at no cost, as well as a certificate upon completion.
